

## INSURANCE INFORMATION

We do all the paperwork for you, and we work with all Insurance carriers that have chiropractic benefits. We are a Workman's Compensation Provider, and also help people who have been involved in accidents. If you've been involved in an accident, in most instances we accept what the Insurance pays as payment in full. We also accept Med Pay and Third Party Pay.

Many people are not aware that their insurance may cover most or all of their expenses in our office. Simply fill out the information below and we'll find out what your insurance pays.
